A WIDESPREAD CONSPIRACY EXIST?

Interesting Features of the Haywood Trial.

STATE MAKES RESISTANCE

Darrow Claims If He Succeeds in Broadening Scope, He Will Be Able to Prove that Widespread Conspiracy Exists.

Idaho, June 29.—The effort to open the way for a general conspiracy case over many states on the part of the defense, through the owners to reach out to the Federation of Miners, has become one of the interesting features of the trial of William D. Haywood. The state is resisting this move.

Judge Wood has ruled that allowing a conspiracy in the state of Idaho and Colorado will be on the promise that the defense will connect this later with their defense. But the defense has taken up their efforts to widen the scope and now the struggle is on.

Darrow, who is conducting the case and in charge of the witnesses most positively that he will go directly, if possible, to the conspiracy of the mine and claims if he succeeds in broadening the scope he will be able to lay its foundation for a general conspiracy in the way as was done by their own side. Orchard, and that separate the Pinkerton agency from one of the chiefs in the conspiracy and claims to have witnesses who will fully support his case. If the court permits this defense it threatens a prolongation of the case, as the state has a large number of witnesses.

Munster Berg, of Harvard University, who has been here for the last few days conducting an investigation of Orchard and other principals in the case in the interest of the state, had an interview with Orchard in the morning and every opportunity he had he has been in the court making notes and closely watching witnesses. He declines to say of his views at this time, but that his conclusions will not be made until he has time to go over the notes he has taken during his observations, but admits that he has been the most interested in the case for some time.

CHINESE CREMATED.

Massacre in Theater at the City of Hong Kong. B. C., June 29.—A horrible massacre is reported in mail from Hong Kong, where 500 of the audience of a Chinese theater, and ten of the actors were killed when a native theater was destroyed by fire. The flames rapidly and the building collapsed, blocking the entrance with debris.

The origin of the fire is said to have been due to the lighting of explosives on the floor of the theater, the following the explosion.

Pool Brawl in Kentucky.

Memphis, Tenn., June 29.—A special to the Sentinel from Mayking, says in a brawl between the Osbourne and Osborne factions, on the Osbourne county border, Jesse Osbourne was killed outright and William Osbourne was fatally wounded. It will not survive the day. Trouble has been growing for some time, and this was the first outbreak.

Newspaper Publisher Weds.

Memphis, Ga., June 29.—Edward W. W. W., owner of the Birmingham Age-Herald, was married Thursday night to Mrs. W. W. W. in Birmingham. Their tour was to New York.

JAPAN HAS STRONG ARMY.

America Should Not Underestimate Her Power, Says Rev. Malmrie. San Francisco, June 29.—The Rev. Henry C. Malmrie, general secretary of the American Baptist Union, who arrived on the Kama Thursday, has been on a four months' tour of the Orient, inspecting the mission stations. He gave careful study to the Japanese question, and says Americans should be warned against underestimating Japan's strength.

"They have a standing army of a million men," he said, "and their drill work is not the performance of perfunctory evolutions. They go at it in the greatest earnestness. No nation can afford to hold the Japanese efficiency or valor in contempt. There is an increasing feeling beneath the surface of uneasiness and sensitiveness in regard to our immigration policy, and the treatment of her subjects. It is not so manifest as reports would endeavor to convey, the thoughtful, substantial men are disposed to be patient and to trust to the good intentions of our country and our officials for an amicable adjustment of the difficulties with regard to their rights."

SMITH TO INVESTIGATE

Relations Between the Telegraph Companies of the United States.

Chicago, June 29.—A dispatch to the Tribune from Washington says: In accordance with the instructions of President Roosevelt, Commissioner of Corporations Herbert Knox Smith, is arranging for an immediate investigation of the relations between the telegraph companies of the United States.

This investigation will be conducted in such a manner as to avoid giving any company or official the privilege of immunity from prosecution in case a violation of the law should be discovered. The investigation will determine the nature and extent of the agreements existing between the telegraph companies, the rate of wages paid to employees, the operating expenses and such other data as will be useful to the department of justice in determining whether to institute legal proceedings and to Congress should that body desire to have the government exercise control over the telegraphic service.

Petition to Save Negro's Life.

Montgomery, Ala., June 29.—The effort to save the neck of David Beeman, the negro for whom his brother, John Beeman, wanted to die on the gallows, is meeting with success. A monster petition is being signed and will be presented to the governor in a few days. Practically every man approached has signed the petition, so great is the sympathy for the condemned prisoner. Beeman killed his wife because he was jealous of the attentions of another man.

Bank Organized at Crosland.

Tifton, Ga., June 29.—The citizens of Crosland met Thursday and organized a bank with a capital stock of \$25,000, which is owned principally by local business men. The following officers were selected: G. F. Clark, president; J. F. Royal and J. C. Cannady, vice presidents; W. W. Baker, V. S. Horn and M. S. Shaw, directors. It will be known as the bank of Crosland, and will be opened not later than July 4.

Boy Strangely Missing.

Macon, Ga., June 29.—Hickman Jessup, the 19-year-old son of Patrolman J. J. Jessup, of the Macon police force, is strangely missing. The boy went to Savannah last Sunday and did not return. The father has been in Savannah on a search and found that the boy had been to the Central railway ticket office where he made an effort to return home on his reduced rate passage. A search has been made since, but the boy is still missing.

Immense Black Eagle Killed.

Stockbridge, Ga., June 29.—W. C. Millam killed a black eagle measuring 10 inches from tip to tip, near his home Thursday morning, one mile from this place. This eagle resembles the one that has been confined at Grant park in Atlanta for several years.

CENTRAL OF GEORGIA IS TO CHANGE HANDS

Said It Will Pass to the Rock Island-Frisco Interests.

LINE SEEKS ATLANTIC OUTLET

Predicted that Change Will Occur After Expiration of the Two Years in Which It Is To Be Kept as an Independent Line.

New York, June 29.—The control of the Central of Georgia railroad, which was purchased on Wednesday by Oakleigh Thorne and Marsden J. Berry, will eventually pass to the Rock Island-Frisco interests, if predictions made in railroad circles prove well founded.

It was said that Messrs. Thorne and Berry purchased the Central of Georgia with an understanding between themselves and the Rock Island and Frisco interests that formal control of the road would pass to the St. Louis and San Francisco, after the expiration of the two years during which the present holders of the road have agreed to keep it as an independent line.

Mr. Thorne would neither confirm nor deny the report. People could draw what inference they would, he said. It was pointed out that close relations have existed between Mr. Thorne and Mr. E. Yeakum, who is the guiding spirit in the affairs of the Rock Island-Frisco system. Mr. Yeakum is a director in the Trust Company of America, of which Mr. Thorne is president, and in other ways Mr. Thorne and Mr. Yeakum have co-operated in business undertakings.

The St. Louis and San Francisco now has a line into Birmingham, and at that point connects directly with the Central of Georgia whose lines run from Birmingham, from Montgomery and from Chattanooga to the coast at Savannah.

In addition to obtaining this outlet to the Atlantic seaboard, the San Francisco in acquiring the Central of Georgia would come into control of a large amount of traffic originating in the territory served by the Central of Georgia.

DID RECTOR MURDER WIFE?

Chicago Churchman Suspected of Poisoning Her.

London, June 29.—Walter Steinborn Hancock, formerly an Episcopalian clergyman of a fashionable church in Chicago, whom his bishop inhibited on account of scandals with women, is under police surveillance here.

He is suspected of having poisoned his wife, who was the widow of Paul Townsend Jones, of New York, allegations to that effect having been made in the Kensington coroner's court.

Mrs. Hancock died on March 23 last, the cause of death being certified a sappendicitis. Afterwards the body was exhumed on account of the suspicions of her son, and an inquest will be held.

Rector's Record Painted Dark.

Chicago, June 29.—Rev. James H. Stone, rector of St. James church, said that investigations made by Bishop McLaren in 1896, showed Hancock to have been a "man of ill repute." "The charges brought against Hancock here," says Dr. Stone, "were that he was given to consorting with lewd women."

100 German Immigrants.

Montgomery, Ala., June 29.—It is reported at the central State Immigration Agent Beckett, who has been in foreign countries in search of immigrants, has arrived in New York with one hundred Germans, who will be taken to the Birmingham district. There are no details as to the information being given in nature, and yet to be developed. Governor Comer said that he had no facts as yet to tell about the ship, but will be able to give some out when he receives further report of the work done by the agent.

GEORGIA LEGISLATURE.

Second Day—Governor's Message is Read—Reform Measures.

Atlanta, June 29.—All of Thursday's session was taken up with the reading of the governor's message, which was received Wednesday, but only read Thursday, and the canvassing of the vote received by the governor and other state house officers.

There were no bills introduced. Chief interest centered around the reform measures to be again introduced by Mr. Hall, of Bibb. These are:

The anti-pass bill, to prevent all state officials from receiving and riding on railroad passes, the acceptance of telegraph, telephone and express franks or receiving other courtesies from corporations.

The bill to compel all foreign corporations now doing business in Georgia to be organized under a Georgia charter. This will force the Southern, Seaboard Air Line, Atlantic Coast Line and other railroads in Georgia to secure Georgia charters.

The tax assessors' bill, providing for the appointment of three tax assessors to assess values upon the returns of all corporations which now make them to the comptroller general. The bill to repeal the law which now allows judges to direct juries to find verdicts.

Another bill of general interest to be introduced is that of Representative Williams, of Laurens, and to be known as the disfranchisement bill. It is stated that this bill has the support of Governor-elect Smith and many members of the house.

In addition to these Mr. Wright, of Floyd, has several measures of a general nature which will be introduced.

After canvassing the vote and hearing the returns announced, the house adjourned.

The Senate.

The second day's session of the senate was featured by the introduction by Senator Benjamin Camp, of the thirty-first district, of an anti-cigarette bill, and by an automobile speed restricting bill by Senator Feller, of the twenty-second district.

Except for the introduction of several bills, nothing more than routine business was transacted by the body, adjournment being at 12:45 o'clock.

Dothan Moved by Preaching.

Dothan, Ala., June 29.—As a result of the preaching of Rev. Bob Jones, the city has closed the dispensary, the citizens have called a mass meeting for Saturday to take steps to put whisky out of the county, and the druggists have gotten together in a request that the doctors give no more prescriptions for whisky or other intoxicants. One hundred and fifty new members have been added to the churches, one hundred of them to the local Methodist congregation. The salary of the Methodist pastor has been raised to \$2,500 a year, and he has been given a vacation with expenses paid for a trip to the Jamestown exposition and other points of interest. Mr. Jones is now conducting a revival at Camden.

Girl's Screams Saved Her.

Macon, Ga., June 29.—The screams of his 15-year-old daughter aroused the members of the family of W. B. Head, a representative of the Metropolitan Life Insurance company, at the residence, 429 Duane avenue, Thursday morning, and a man, supposed to be a negro, escaped through the window at which he had entered, into the darkness, and was pursued by Call Officer Brannan, but was not captured. The touch of a hand upon her form awakened the child and she screamed so loudly that the man was forced to flee.

Tobacco King to Wed.

New York, June 29.—James B. Duke, the tobacco king, will be married the last week in July to Mrs. William Inman, the beautiful society woman of Atlanta, Ga., to whom he has been attentive for the past few months. The wedding will take place in Europe. The head of the tobacco trust and his prospective bride will sail for the other side with a party on the morning of July 15. The ceremony will take place as soon as the party reaches Europe.

BOAT RACES PULLED OFF BY UNIVERSITIES

Harvard Won Freshman Eight, Yale Varsity Four-Oared.

A TRIUMPH FOR CAMBRIDGE

Both Races Were Up Stream on the Incoming Tide in Smooth Water and Both Were Rowed in Very Slow Time.

New London, Conn., June 29.—Harvard won the freshmen eight by one and a half lengths and Yale, the Varsity four-oared race, by perhaps ten lengths, on the morning tide on the Thames river Friday, and the result confirmed predictions.

Coming with the great victory of a Yale varsity eight Thursday night, the winner of the four-oared race on Friday was a source of gratification to Yale men, and an evidence of the efficiency of coach Kennedy's training. It was an easy race for the Blue to win, while the freshmen race was a hard one for Yale to lose, and correspondingly, a triumph for the Cambridge youngsters.

The races were worth seeing, although a mere remnant of the host of Thursday had the courage to stay over for them.

Both races were up stream on the incoming tide in smooth water, and both were rowed in slow time. It was Harvard's strength in the freshmen and lack of it in the four-oared race which made the results as they were.

Official times of the races were: Freshman—Harvard, 11:15; Yale, 11:19. Four-oared—Yale, 12:33; Harvard, 13:15.

VALDOSTA GIVES \$50,000 AND SITE

Enthusiastic Meeting for Branch of the State University.

Valdosta, Ga., June 29.—At a meeting of citizens held at the school auditorium in this city Thursday night in the interest of the branch of the state university, authorized by the last legislature, to be established in Valdosta, a site for the college and about \$25,000 in cash was subscribed, which was added to by subscriptions of approximately \$18,000 more. Colonel W. S. West, for himself and on behalf of the Valdosta street car line, donated a site for the school, the location being about a mile north of the city, and \$2,500 in cash.

Other citizens gave sums of from \$5,000 to \$25. Mr. George Varn being the largest contributor, giving the former sum.

There is much enthusiasm over the establishment of the college here.

BANDIT'S DEFIANT MESSAGE.

After Daring Holdup, Tells Police that Others Will Follow.

Los Angeles, Calif., June 29.—In plain view of many pedestrians, an unmasked highwayman, well known to the police of many cities under the alias of "Black Jack," Thursday night held up a car on the Sixth and Rampart street line, relieving the conductor of a watch and \$30 in cash and sending to the chief of police a defiant message announcing his presence in the city and bidding him to look out for further holdups.

Judge Sentenced to Pen.

Knoxville, Tenn., June 29.—A special to the Sentinel from Huntsville, Tenn., says that Judge J. E. Fulton, who shot and killed Sam Parker, a widely known football player, has been sentenced to ten years' imprisonment. Parker was slain by Fulton as he was leaving a train at Helenwood, Tenn. The killing was said to have been the outcome of domestic gossip. Both families are prominent.

Governor Refuses to Interfere.

Columbus, Ohio, June 29.—Governor Harris has refused to interfere in the case of James Cornett, and he must die in the electric chair at the penitentiary. Cornett's son recently secured a brief respite for his father by a personal appeal to the governor.

Idaho, June 29.—The effort to defend the accused in the Haywood trial by a general conspiracy existing over many states on the part of the owners of the mine has become one of the interesting features of the trial of William D. Haywood. The state is resisting this earnestly.

Far Judge Wood has ruled that the defense showing a conspiracy in the state of Idaho and Colorado will be limited on the ground that the defense will conduct this later when their defense is made. But the defense has given up their efforts to widen the field and now the struggle is resumed.

If the court permits this defense it threatens a prolongation of the case, as the state will call a large number of witnesses.

WETTER NOT GUILTY DECLARED THE JURY

Famous Case From Levy County
Has Now Been Settled.

JURY OUT THREE MINUTES

The Case Was One of Great Interest, as It Involved the Right of a Teacher to Chastise a Pupil—Many Witnesses Here from Bronson.

From Friday's Daily Sun.

"We, the jury, find the defendant, E. T. Wetter, not guilty; so say we all."

This was the verdict of the jury, of which E. Baird was foreman, in the famous case of the State of Florida vs. E. T. Wetter, charged with assault and battery, in the court of County Judge H. G. Mason Thursday.

This case was a most peculiar one, but a case which makes a trio of similar specifications in this section of the State within the past few years.

Prof. E. T. Wetter, the defendant, was principal of the Bronson High School at Bronson, when he chastised or whipped Ivan Stringer, a pupil about fifteen years of age. At the instigation of the lad's father, W. A. Stringer, Prof. Wetter was arrested upon a charge of assault and battery, the prosecutor alleging that Prof. Wetter had exercised undue violence upon his son.

Upon motion of the attorneys for the defense, who declared that they could not get justice in the courts of Levy county, the defendant was granted a change of venue, throwing the responsibilities to the court of County Judge Mason of Alachua county.

There were a large number of witnesses, among whom were Oliver J. Farmer, editor of The Levy Times-Democrat, W. R. Perryman, W. A. Stringer, P. E. Saunders, R. D. Proctor, W. H. Anderson, tax collector of Levy county, L. W. Buckner and Dison Phillips, the latter being a pupil of the school at the time of the chastisement.

The trial proved of a great deal of interest, especially at this time, when the summer Normal is in session here, the defendant himself being a student of the Normal. A large crowd was in attendance, about half of whom were students at the Normal, Florida school teachers, who manifested a deep interest in the proceedings. Many of the spectators were ladies.

The switch (a live-oak rod apparently about four feet long and as large as the average person's little finger in diameter) which was alleged to have been used on young Stringer was produced in court, but young Phillips, who testified that he was the lad the defendant had dispatched to get a switch, would not swear that it was the same switch which he brought, as he said he could not remember, having taken "no particular dimensions" of the same. Notwithstanding that young Phillips is but a mere lad, about fifteen, he proved a careful and competent witness, being careful to relate, and relate cautiously, the story as well as he could remember it.

The jury was composed of E. Baird, foreman; J. H. Vidal, A. R. Harper, J. B. Brooks, Wm. A. Avera and Jim B. Dell.

The jury was out only three minutes, returning with the verdict as above stated.

Pinnelle & Son of Bronson and Robt. E. Davis of this city represented the prosecution, while J. A. Williams of Cedar Key and Evans Haile of this city appeared for the defense.

Mrs. Schafer Injured.

While driving Thursday, Mrs. C. D. Schafer had the misfortune to fall from the buggy as the wheels went into a depression, sustaining painful, though not serious, injury to the arm.

Mrs. Schafer was holding in her lap at the time of the accident her little grand-daughter, Blanch Dampier. The child also fell, but fortunately was uninjured.

Mrs. Schafer's friends regret very much her misfortune, and trust she will soon be all right again.

CIVIL SERVICE EXAMINATION.

Will be Held in This City on Wednesday, July 17, for Clerk-Carrier.

The Civil Service Commission announces that an examination will be held in this city on Wednesday, July 17, for clerk-carrier of the Gainesville postoffice.

This examination offers an opportunity to bright, energetic young men to enter an interesting field of Government employment where the salaries compare most favorably with those paid in private employment, the salary running in a city of the population of Gainesville from \$600 to \$850 per annum.

The age limit of applicants for this examination is from eighteen to forty-five years. Male applicants must be at least five feet, four inches in height in bare feet, and weigh not less than 125 pounds.

All persons who have been examined for the position of clerk or carrier within the past year and failed to pass may be re-examined upon filing new applications in due time.

Further information and blanks may be secured upon application to the local secretary of the commission, E. Paul Brown.

STARKE DEFEATS GAINESVILLE.

Lively Game Between Junior Teams on Starke Diamond Wednesday.

The Junior Oak Halls went to Starke Wednesday, where in the afternoon of that day they crossed bats for the championship between Gainesville and that town.

The game was a most interesting one, resulting in a final score of 6 to 2 in favor of the Starke team.

The Gainesville boys are loud in their praise of their Starke friends, whom they declared entertained them in a most hospitable manner.

The Doctor Away from Home When Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp, colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now. It may save life. For sale by all druggists.

Captain Strobhar Quite Ill.

Information has been received by friends to the effect that Captain J. N. Strobhar, who spent several days here during the session of the spring term of the circuit court, during which time he was quite ill, has suffered a relapse since returning to Alabama, and that his condition is quite serious.

Captain Strobhar has many friends here who will regret very much to learn of his illness, but trust that he will soon recover.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c and \$1.00. Sold by W. M. Johnson.

AN ETHIOPIAN GIANT.

Anthony Perry, Twenty-Five Years of Age, Weighs 316 Pounds.

One of the curiosities of Alachua county lives in the person of Anthony Perry, a young colored man of Rutledge, who is only twenty-five years of age, and tips the beam at three hundred and sixteen pounds—down weight.

Anthony was in the city Thursday and attracted a great deal of attention on account of his size. He stands five feet tall, which, with his heavy avoirdupois, makes him look a great deal heavier than he really is. As is usual with fat people, he is possessed of a good disposition, and has never been known to be in a bad humor.

Notwithstanding the extreme heat, Anthony laughs at the little fellows who perspire so freely about him, and tells them in his good-natured way that they ought to "get fat and keep cool."

Perry is probably the heaviest man in Alachua county, if not in the State, but his weight does not seem to trouble him.

HAD A BIG TIME.

Colfax Rebekah Lodge Enjoys Fine Watermelon Feast Thursday.

The regular meeting of Colfax Rebekah Lodge No. 2, I. O. O. F., was particularly interesting Thursday evening, as there was a "special number" on the program which interested those present.

At the conclusion of the regular proceedings of the lodge there was a watermelon cutting, which was participated in by a large number, and which it is needless to add was highly enjoyed. As usual, M. B. Saunders was depended upon to do the catering, and it goes without saying that he performed his part of the proceedings in a manner creditable. A function of this kind would be incomplete without the services of Mr. Saunders.

These little social functions are very enjoyable, and add to the interest of the lodge.

BIG STORM AT PALMER.

That Section Visited by Heavy Rains and Wind Friday Afternoon

Information reached this city Friday afternoon to the effect that a heavy wind and rainstorm visited the Palmer section. The wind was of great velocity, but there was no material damage. The rain fell in torrents, and was a welcome visitor, as the farmers of that section, as everywhere else, have suffered a great deal for want of rain.

Bad Burn Quickly Healed.

"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Mytton, 457 John street, Hamilton, Ontario. "My little daughter had a bad burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve always the pain of a burn almost instantly. It is for sale by all druggists.

The rain of the past few days has had a tendency to enliven the sweet potato industry. Wagons laden with "tubs" were numerous on the streets Friday and Saturday.

The Georgia Legislature is now in session, having convened on Wednesday. John W. Aiken of the Forty-second Senatorial District was elected president of the Senate. The first bill introduced was a measure to prohibit the sale of liquor within the State. The bill is said to have a strong following, and may be passed before the session comes to a close.

The Pensacola Humane Society was most successfully launched Sunday afternoon. There was a large gathering of ladies and gentlemen. Officers were elected and committees appointed. Children and beasts will hereafter have from and through the society a degree of protection not heretofore given them, and it is anticipated that much good work will be accomplished.

It appears that Gainesville's efforts to have a better and more permanent system of sidewalks and paved streets has served as a "starter" or an inspiration to other cities to do likewise, as committees representing several of the leading interior cities of the State have come to Gainesville during the past few weeks to view and inspect the public improvements being made here.

Between January 1 and June 15, when the season closed, the records show that fish to the amount of eighty-six carloads in bulk and 4,304 barrels were shipped from Punta Gorda. For the preceding fall season, August 15 to November 15, 211 carloads and 7,386 barrels were shipped. This aggregates 6,541,200 pounds, which is up to the average. This is one of Florida's great fish centers, and the prince of piscatorial narrative resides there.—Times-Union.

There is really no excuse for people to leave Florida to spend the summer. Besides the elegant seaside resorts on the Atlantic Coast, there are many springs throughout the State where good accommodations can be secured at reasonable prices, and the waters from these springs possess wonderful curative properties. While many of our people go to other States for health during the summer, in many instances people from those very States come to Florida for the same thing.

Another railroad is proposed for Pensacola which, if they all materialize, will give to the city four additional railroads. The latest is the Pensacola, Alabama & Georgia, which is being backed by Pensacola citizens, but which, it is stated, has other interests represented. The road is to extend from Pensacola in a north-easterly direction, and there connect with the Central of Georgia, thus not only opening up a new territory, but giving Pensacola connection with the Central of Georgia. Application for a charter will be made at an early date, the company having a capital stock of \$20,000. Numerous prominent citizens of that city are stockholders in the proposed road.

BONAPARTE'S SURPRISE.

On June 2 Mr. Bonaparte, head of the Department of Justice, under the prodding of incisive articles in The New York World and other newspapers that he was slow and behind the times as a trust buster, said: "In some cases where continuous violations of the law involve a large number of illegal acts, each one of them criminal, the total fines which can be imposed have proved a sufficient deterrent. But in other cases it is the opinion of most prosecuting officers that the law can be much more clearly and effectively enforced through the imprisonment of individual defendants."

That indicated that the Attorney-General intended to try his hand at putting some of the "bad" trust and corporation magnates, including such an undesirable citizen as Mr. Harriman, "behind the bars" if he could convince a jury he was as black as painted by President Roosevelt and others.

But on June 8 President Roosevelt, the cabinet concurring, took the wind out of the Attorney-General's sails by deciding that Mr. Harriman, although branded as a law-breaker and a most undesirable citizen, could not be proceeded against criminally. This decision of all the principal leaders of the Republican party was evidently a tub thrown to the Wall Street whale where the stock market was disorganized and needed a tonic to prevent disaster.

The trouble with Attorney-General Bonaparte was—he is now undeceived—that he, like others, had taken President Roosevelt seriously as ready to go to the extremes to curb the trust magnates and control the railroad managers. He had evidently overlooked the fact that President Roosevelt in his correspondence with Mr. Harriman had declared that "you and I are practical men," while Bonaparte evidently thought the President was an iconoclast and ready to smash things right and left. Practical politicians don't work that way—at heart they are as much mollicoddles as the veriest mollicoddle of them all.

THE GRADUATING FROCK.

Supt. Cooley of the Chicago public schools is to be commended for his sound, common sense. He was asked the other day: "How much should a girl's graduating gown cost?" "Seventy-five cents," he replied without hesitation. "I sometimes think it would be well to require high school girls to graduate in calico and save the heartaches and worry of poor young girls and their mothers whose purses are small." That goes to the kernel of the question. Every girl wishes to make the best possible appearance at the time of her graduation, very naturally, and there are parents of means who, for their own self-aggrandizement, permit their daughters to load themselves with every particle of finery that can be crowded into a graduation costume. By reason of their handsome frocks, the well-to-do girls are the stars of the commencement, though they may be far below the poorer girls in scholarship. An immense amount of money is spent each year in useless toggery for high school graduates, and it is doubtless a fact that will be attested by all high school teachers that there are year after year a considerable number of bright and deserving girls who drop out of school before the commencement and fail to be graduated because their parents cannot afford to buy for them as fine frocks as some of the other girls are going to wear. The sensitive girls save themselves from what they consider public humiliation by dropping out and forfeiting their diplomas. Some of the Western colleges and high schools have taken up the matter of simplifying graduating costumes, and the movement is one that should spread over the entire country. The girls should be made to understand that a simple, neat white frock is an excellent frame for beauty and is everything that is needed. The overdressed girl graduate is pretty apt to be deficient under her stunning hat.—Savannah News.

THE COTTON PLANT.

The following tribute to the cotton plant was written by the late Henry W. Grady:

"What a royal plant it is! The world waits in attendance on its growth. The shower that falls whispering on its leaves is heard around the earth. The sun that shines upon it is tempered by the prayers of all

people. The frost that chills it and the dew that descends from the stars are noted, and the trespass of a little worm on its green leaf is more to England than the advice of the Russian army on her Asian outposts. It is gold from the instant it puts forth its tiny shoot. Its fibre is current in every bank, and when loosing its fleece to the sun, it floats a sunny banner that glorifies the field of the humble farmer. That man is marshaled under a flag that will compel the allegiance of the world and wring a subsidy from every nation on earth. It is the heritage that God gave to this people forever as their own, when He arched our skies, established our mountains, girt about us the ocean, loosed the breezes, tempered the sunshine, and measured the rain. Ours and our children's forever, as princely a talent as ever came from His hand to mortal stewardship."

RICH AND PROSPEROUS INDIANS.

"The 5,000 Indians who occupy the White Earth Reservation in Minnesota are going to celebrate the thirty-ninth anniversary of their first settlement next month," said Chauncey E. Richardson of White Earth, Minn., former secretary to Senator Clapp and now legal representative of the tribe.

"These Indians have a good deal to celebrate, for they are further advanced in their civilization than any other tribe in the United States. They have more money than any other tribe, except the Osages of Indian Territory, who came into a lot of it when a claim was paid to them by Uncle Sam last year. They are progressive and are not dying out, as some people claim many tribes are. I am inclined to think that this dying-out business is a fiction, for the Indians of the tribe I live with are prolific. They marry early and have many children. Most of them are engaged in professional work or farming. Some of the best business men I ever met in a small community are to be found among them.

"When they have their anniversary they will have a great powwow. All the old chiefs will be there, not in war paint and feathers, but in good, ready-made suits and with a handshake and genial grunt for all the red-skinned brethren."—Washington Post.

The trial of Edwin S. Holmes, formerly associate statistician of the Department of Agriculture, is proceeding. According to the evidence now being given in court, it would seem that Mr. Holmes ought to be sent to the insane asylum instead of the penitentiary for not making more than he did out of his information. He was practically in sole charge of the cotton crop report for a long time and manipulated it to suit the needs of his clients who were playing the market. He had a sure thing and if he wanted to be crooked at all, it would seem that he might have made millions just as easily as he made thousands. The testimony shows that he was selling information to three or four New York cotton brokers and taking a rake-off on their winnings. He seems to have been a modest man and was satisfied with a small share of the profits. He made from \$40,000 to \$60,000 at a stroke but this seems mere chicken feed to what he might have made with the information at his command. It looks from the present testimony as though Mr. Holmes had profited from his dishonesty in very homeopathic doses.

Widely diversified and contrasting are the ways in which many people see Florida. Some come with the hammer, knock everything and everybody in sight, following this with a string of misrepresentations and falsehoods in any newspaper they can induce to accept their stuff. Others come with a clean, conscientious heart, revel in the glorious beauties of Florida and their description is more like the truth, and a justice to the State. J. Yates Peek, in a recent number of The Standard Union of Brooklyn, N. Y., is one of Florida's latest friends. In his article, which occupies a half column or more, he has given a compact but very complimentary story of the State, covering many important points. This is quite a contrast to the article of Geo. P. Rowell of Printers' Ink, a little paper published just across the river from Brooklyn. These views were expressed by two people of virtually the same city, which goes to show the diversity of opinion of the people.

SAVED THE FARMERS \$10,000,000.

Western farmers estimate that one man saved them fully \$10,000,000 in wheat this season by stopping the ravages of the "green bug" that promised early in the spring to devastate the wheat belt. It did do vast damage in Oklahoma and Texas. It had entered Southern Kansas, when S. J. Hunter, professor of entomology in the Kansas State University, began experiments with parasites to destroy it. He found a bee which multiplies faster than the bug and destroys the latter over large areas. The larvae of this parasite he sent out to infest fields. Over 12,000 boxes were sent; express companies carried them free; millers and farmers paid the bills after the university allowance was exhausted; forty-seven counties were covered at the rate of 10,000 parasites for every eighty acres; a total of over 300,000,000 parasites being distributed in Kansas alone. The distribution began April 17; by the last week of May the bug had practically disappeared, and the wheat crop was free from this danger. Prof. Hunter has received hundreds of letters thanking him for his work. This is one of the ways that the Western schools are helping the farmers toward improved agriculture, and Prof. Hunter has taken a high place in consequence of his success and promptness in dealing with the new pest.—Leslie's Weekly.

Waldo Martin, a leading trucker of the Martin section, was in Ocala a day or two since, and in conversation with a reporter of The Banner, stated that he was quite successful in growing vegetables this season, and that most of the growers came out with very creditable bank accounts. He said that the trucking business is like all others—it requires the careful watching of every detail, and after the crop is successfully grown and gathered it then requires good judgment and a knowledge of the markets to know the best shipping points. For instance, Boston may be an excellent market for beans but it is a very poor market for cucumbers, and New York may be a good market for cucumbers but a poor market for beans and so of the other markets. By studying the markets very closely he was fortunate in shipping all his produce to the markets that brought the best prices. He did not hit wrong in a single instance. Had he shipped unintelligently he might have lost as much as he made.

The plan of Congressman Clark to get up data about the various counties in his district, showing the inducements to immigration and what good farmers already located here have been able to do in the way of production, and then incorporate these facts into a speech at the next session of Congress and have thousands of copies circulated through the Northwest, is an excellent idea. It will carry reliable information from a source that will command confidence to many people who might thus be induced to come to Florida, and as the State is doing nothing to promote the cause of immigration, Mr. Clark's plan is a timely one and it is quite likely to bring good results. There is room in Suwannee county for many more farmers and a Northern man who is a good farmer could come to no better part of the State to find a location.—Live Oak Democrat.

It's alright for a man to "be crazy" if he'll only keep it private. There is no use trying to get the whole creation over on your side.

THE NEWS FROM ARNO.

Marriage of Two Popular Young People—Other Notes of Interest.

Arno, June 29.—We have had an abundance of rain for the past three days. It came in time to save our crops. However, early corn was damaged some.

Mayor John F. Cox and family of Lakeland spent three days this week with F. P. Henderson and family. Mrs. Cox is the only daughter of F. P. Henderson. Mr. Cox has the honor of serving his third term as mayor of Lakeland.

There was a most beautiful wedding at Forest Grove church Wednesday night. The contracting parties were Miss Pearl Osteen, daughter of M. A. Osteen, and William J. Rawls of Sneads, near Tallahassee. Mr. Rawls was accompanied by his brother, Hugh Rawls, and his sister, Miss Adah Rawls. After a sumptuous six-o'clock dinner at Mr. Osteen's, the family and friends went to the church, where a large crowd were anxiously waiting to witness the ceremony. Rev. Mr. Moore, pastor of the Methodist church of Alachua, performed the ceremony, using the beautiful and impressive ceremony of the M. E. Church.

The bride and groom left Thursday for Sneads, where they will make their future home, and where Mr. Rawls holds a good position with a large lumber and turpentine company.

Misses Wilma and Nora Barry have returned from Tallahassee, where they have been going to school.

Misses Annie and Ida and Master John Price have returned from Abbeville, Ga., where Miss Annie has been teaching, and Ida and John have been attending school.

Mrs. A. B. Hughes of Tioga spent last week with F. P. Henderson and family. Mr. Hughes and their daughter, Miss Emma, came up Saturday and spent the night, and they all returned to Tioga on Sunday.

Arno news has been neglected for some weeks on account of your correspondent being so busy shipping peaches and cantaloupes.

BAPTIST UNION MEETING.

Santa Fe River Baptist Association in Session at Rochelle.

From Sunday's Daily Sun.

The union meeting of the Santa Fe River Baptist Association is in session with the Rochelle church, having convened Friday.

The session will last for three days, concluding this evening with divine service.

J. F. Bunch of this city is representing the Baptist church here. The association comprises a number of churches in this district, and the sessions are usually well attended.

An Enjoyable Function.

Complimentary to his young friend, Willie Way, son of Rev. and Mrs. E. W. Way, formerly of this city but now of Fernandina, who is visiting here, Hardy Jarvis tendered a delightful party at the home of his parents, Mr. and Mrs. J. H. Jarvis, Friday evening.

There were about twenty-five present, and the occasion was passed in a manner appropriate, juvenile games being indulged in.

Delicious fruit-punch and cake was served, and in all the affair was quite a success.

Friends of the host departed at a late hour under many obligations for the pleasure of the evening and an opportunity of renewing acquaintance with Master Way.

SECOND WEEK OF NORMAL A SUCCESS

One Hundred or More Teachers
Are in Attendance Now.

LITERARY SOCIETY ORGANIZED

Meeting Will Meet in Auditorium Friday of Each Week, When an Interesting and Instructive Program Will be Carried Out—Normal Notes.

The Summer Normal closed its second week with an attendance of some one hundred or more.

At the last period before noon Friday, the student body assembled in the chapel and organized a literary society, to meet in the Chautauqua Auditorium every Friday night at 8 o'clock. Prof. T. D. Culp of Williston was elected president of the society, and Miss Stewart of Tampa, secretary.

A program committee of five was organized, Prof. Tom F. McBeath being the chairman.

The Chautauqua management has kindly tendered the use of its auditorium, and the electric light and the use of lights free. The society appreciates the spirit of generosity and helpfulness.

Miss Knibloe spent Friday forenoon rehearsing his recitation, and his friends will find the room more comfortable in the future.

Through the courtesy of Dr. Anderson, Prof. Carr will, at an early date, give to the physical geography class an illustrated lecture on the physical features of the earth. The faculty is expecting quite a number of teachers to enter the Normal Monday.

W. C. T. U. Picnic.

The W. C. T. U. of Micanopy will give a picnic on the famous Tuscan Lake Thursday, July 4th. They are invited to come and bring their own lunch, to be unloaded after the picnic is over, and to be entertained by a temperance band and songs.

The best printed stationery at the Sun office.

COL. CLARK WILL BE THERE.

Accepts Invitation of People of Archer to Deliver an Address.

The Fourth of July in Archer is going to prove all the more attractive, inasmuch as Hon. Frank Clark, Congressman from the Second District, has accepted the invitation of a committee representing the citizens of that progressive town to deliver an address there on that day.

When the invitation was at first extended Col. Clark informed the committee that it would be his pleasure to respond, but, owing to an important engagement which was likely to call him away at any day, he could not positively assure them of his presence, but that he would come if this engagement did not interfere. Since that time, however, he has made arrangements, and assures the good people who have honored him with the invitation that he could be depended upon.

Col. Clark's record as an orator is so well known that comment is unnecessary. Suffice it to say those who hear him on this occasion will have no cause to regret attending the picnic.

This function will comprise a big barbecue and basket picnic, and a cordial invitation is extended to the public to come and bring full baskets. While the affair will be given under the auspices of Archer Lodge, Woodmen of the World, it will be for the benefit of the public.

PERRY COLSON IMPROVING.

The Treatment at Battle Creek Sanitarium Is Doing Him Good.

Perry M. Colson, who, accompanied by Dr. and Mrs. J. F. McKinstry, Jr., and C. W. Chase, left a few weeks ago for Battle Creek, Mich., where he entered the Battle Creek Sanitarium, continues to improve, which will be gratifying news to his many friends in Alachua county and throughout the State.

Mr. Colson has been in ill health for several months, and his condition remained unchanged, notwithstanding that everything possible was done for his relief. He feels confident, however, that Battle Creek will bring him back to his normal health.

SOLD LIQUOR AND GOT INTO TROUBLE

Serious Plight of Negro Who Offended the Law.

A WALKING BLIND TIGER

Was This Man—Marshal Arnow Saw Him Sell the Whiskey and Collect the Money—Both Men Arrested and Placed in Jail—Trial Tomorrow.

From Sunday's Daily Sun. Marshal Arnow made a "blind tiger" raid about 9 o'clock Saturday night, with the result that Phillip Johnson, now in jail, must answer Monday morning to the charge of selling liquor in a county voting against the same. Johnson was a "walking" tiger.

Walter Thomas, the purchaser of the pint of Crystal River which got Johnson into trouble, is also in jail, and must appear as a witness against the defendant.

The arrest was made on South Garden street, where Marshal Arnow, who happened to be in that vicinity, witnessed the deal, and saw Thomas pay Johnson sixty-five cents for the whiskey. When arrested Johnson had another pint in his pocket.

Marshal Arnow deserves great credit for this capture, and should be congratulated by the law-abiding element.

Monday Night's Concert.

Through the courtesy of the Consolidated Realty and Improvement Company, who have in charge the sale of College Park lots on Tuesday, Wednesday and Thursday, July 2, 3 and 4, the people of Gainesville will be entertained by a grand open air concert on the band stand Monday evening, beginning at 8 o'clock.

The First Regiment Band of Jacksonville, one of the best musical organizations in the South, has been secured, and will play every day at the sale at College Park.

The public is cordially invited to attend this concert tomorrow evening, and a rare musical treat is assured.

B. Y. P. U. SOCIAL.

A Delightful Party Given at Home of Mr. and Mrs. McClellan.

One of the most delightful, as well as most novel functions of the season, was given by the B. Y. P. U. Jr. Society at the home of Mr. and Mrs. Robt. McClellan, West Liberty street, Friday evening.

This entertainment was termed a cob-web party. An immense web had been arranged by means of numerous cords, with the "spider" in the center. The contestants each secured the end of the cord and began their endeavor to unravel the same in order to reach the coveted "spider." This naturally provoked a great deal of laughter and amusement, and after a time, there were four successful contestants, with the result that it became necessary to draw for the prize, the same falling to Frank Clark, Jr. The prize was an immense stick of peppermint candy, tied with ribbon.

There were a number of other games and some fine music, which went to make up a most entertaining program.

Delicious refreshments of ice cream and cake were served during the evening.

There were about fifty present, and altogether the function was pronounced a great success.

Cooter Pond to Celebrate.

The good people of Cooter Pond Section, determined not to be outdone in patriotism by other towns of the county, have decided to have a basket picnic on the Fourth of July. The day will be passed in an enjoyable manner, one of the principle features being a large pavilion, which will afford ample room for dancing. A cordial invitation is extended to all to come and bring well-filled baskets.

Death of Mrs. Earle.

Information reached this city Saturday of the death of Mrs. J. E. Earle, aged seventy-two, which occurred at her home in Anderson, S. C., of paralysis Friday afternoon, just after the arrival of her son, J. H. Earle of this city, who was summoned by wire.

Friends of Mr. Earle will sympathize with him deeply in his bereavement.

DIVORCED WIFE CAUSES TROUBLE

Mary Ivey Charges That Her Husband Swore Falsely.

WAS ARRESTED FOR PERJURY

Woman Declares That, Without Provocation, Her Husband Secured This Divorce Without Her Knowledge. Preliminary Will be Held Tuesday.

From Sunday's Daily Sun.

Alleging that her former husband, from whom she is now separated, swore falsely in the divorce proceedings, Mary Ivey, colored, has caused the arrest of her divorced husband, and there promises to be a sensational preliminary hearing in Judge Mason's court next Tuesday, and a case which will no doubt prove of unusual interest.

Adam Ivey, the divorced husband, was arrested upon a charge of perjury, the specifications being that he swore falsely, and that he secured a divorce without her knowledge or consent. She declares that Adam had no reason for securing the divorce, as she has always treated him as a wife should treat her husband.

Adam gave bond in the sum of \$500, and the preliminary hearing was set for Tuesday.

State Attorney J. M. Rivers and Attorney B. A. Thrasher will represent the prosecution, while Attorney Gen. W. Seefeld will appear for the defense.

Ivey is well known here, and has always borne a good reputation.

Party Did Not Occur.

Owing to the inclement weather, the lawn party scheduled by the Junior Epworth League of the First Methodist church for Friday afternoon was not held, with the result that there were a great many disappointed little folks.

The party will be held as soon as possible, however, and due notice will be given through The Sun.

LIGHTNING BOLTS ARE FATAL TO MANY

Death During Electrical Storm
Sweeps New York.

3 PERSONS REPORTED KILLED

After Day of Sweltering Heat, Storm
Passes Over New York City and
Vicinity and Does Great Damage.
Several Fires Occur.

New York, June 28.—A death-dealing electrical storm Wednesday afternoon, following a day of sweltering heat, swept over the city and surrounding territory, killing three persons, injuring several, and doing many fires and did considerable damage.

In this city the only places struck were two churches. The steeples of both were blown into fragments by the lightning bolts.

Walter Lewis, a negro, was struck by lightning while stepping from a train at Brooklyn. John Lawler, a workman, was struck and killed in Brooklyn, and the third victim was in Union Hall, N. J., where she had taken refuge under a tree.

"ECONOMIC BARBARISMS."

English Member of Parliament on
American Strikes.

New York, June 28.—Robert William Pears, member of parliament, who returns to England on the Celtic Thursday, after a business trip of a month in Canada, said in an interview that the frequent labor strikes in the United States were an "economic barbarism."

Mr. Pears is at the head of the canal company, being an engineer. Georgia Canal company. He is an engineer and has been associated with the largest engineering undertakings in England and South America.

"President Roosevelt," said Mr. Pears, "deserves credit for his great courage in opposing the tyranny of the trusts, but there is also tyranny in the unions, and in dealing with the combinations he has adopted a middle course. One thing that surprised me here was the numerous strikes. I think they are economic barbarisms. All questions arising between employers and employees can be settled without appeal to arbitration. I have always made it a practice to meet the men employed by us and discuss the problems with them and tell them what we could afford to pay. We never had a strike."

"The St. Lawrence canal will cost about \$100,000,000, and if the Dominion government," said Mr. Pears, "would adopt the plans it ought to be finished in four years."

Municipal Ownership Wins.

Jackson, Miss., June 28.—The election here for municipal ownership of the water works carried by a large majority. This terminates a fight that has been in progress here for several years, and is the third victory in the election.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle

by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, remember the name, Swamp-Root, and Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

DEFENSE SAY THEY WILL CLEAR CLIENT

Have Surprises to Spring In
Haywood Case.

PROSECUTION NOT DISCOURAGED

Defense Expresses Themselves Positive that They Will Turn the Tables on Prosecution and Acquit Haywood.

Boise, Idaho, June 28.—W. F. Davis, the witness for the defense in the case against William D. Haywood, took the chair again Thursday and Senator Borah continued the cross-examination commenced Wednesday afternoon.

Orchard commenced his story of blood-curdling crime with blowing up of the concentrator at Wardner by a mob of 1,000 union men. The mill was at that time being operated by non-union laborers. Orchard told with the utmost detail the story of the trip to Wardner when the miners captured a train compelling the engineer to run it to Wardner. He said W. F. Davis, as one of the leaders of the mob, and under cross-examination of the severest kind by the defense, stuck to the story, insisting that he saw Davis on the ground and on the train. The defense put Davis, a big handsome miner and an effective witness, on the stand to contradict Orchard and tell the jury that Davis, instead of being at Wardner on that day, was in fact at the town of Gem. In the direct examination Wednesday Davis made an impressive statement. He told of his movements on the day of the explosion at Wardner, said that he did not know Orchard, did not belong to the union and was not at Wardner.

Sticks to His Story.

Under Senator Borah's cross-examination the witness stuck to the story that he was not at Wardner. He admitted that he saw the train go by with some 300 men on board all wearing masks, but said he did not know any of the men; that he took no interest in the fact that the train was going through under such peculiar circumstances. He could not give the names of any union men on the train. He did not ask why the train was loaded with masked men, and he did not know whether the men carried arms, he did not ask where they were going, and when the train returned in the evening he did not inquire where they had been. He heard later, he said, that the concentrator of the Hunter Hill and Sullivan mine had been blown up, but he did not know where he got the information, and he did not know until the following day that anyone had been killed.

From later, afterwards Davis said he heard that the Hercules mine, which he mentioned in his story and then got out of it, changing his name to Jones. He went to Butte which he admitted was a mining camp controlled by the Western Federation of Miners and while he was there, there was no reason to change his name as the published black list was not in force there.

Independence Depot Explosion.

The line of the defense that the explosion at the Independence depot was planned by the mine owners and detectives and by accident resulted in the death of fourteen men will be developed by witnesses. Counsel for the defense claim to have one or two surprises to spring on the prosecution and it is probable that they will call Adams to the stand. They express themselves as positive that they will turn the tables on the prosecution and acquit their client. Counsel for the state, however, are not slow to say that the result of the cross-examination of the witness brought forward by the defense up to the present time gives them much encouragement.

SHOT HIMSELF IN HEAD.

Dan Harrison, Prominent Citizen of
Montezuma, D. C.

Montezuma, D. C., June 28.—Dan Harrison, a prominent citizen of Montezuma, D. C., shot himself in the head Monday night, according to his son, through the head with a .38-caliber Smith & Wesson pistol.

There is no one known for the act, although Mr. Harrison had been heard to say several times that he was going to kill himself. Monday night he tried to get several friends here to buy him some morphine, declaring he only wanted to take it for toothache.

Falling in this he secured his pistol and went under a warehouse and was found Thursday afternoon sitting on the tongue of a wagon, with his head lying on the ground between his knees and an ugly hole in his right temple told the tale.

Mr. Harrison was one of the most prominent and popular men in Montezuma. He was a Mason and Knight of Pythias in high standing, a member of the Methodist church and from one of the best families in this section of the state.

Portuguese Queen Makes Appeal.

London, June 28.—A dispatch to the Express from Lisbon says that the Portuguese queen has appealed to two foreign courts which are not named, to intercede with King Carlos to abolish the repressive measures now being enforced by Premier Franco. The empress says the British minister and Premier Franco had a lengthy conference Wednesday. Nearly 250 political prisoners have been confined in the fortresses. The editor of a Republican newspaper that was suppressed has declared his intention to print his journal in Spain and smuggle it into Portugal.

Plans Extensive Tour.

Berlin, June 28.—It is stated that Count von Posadowsky Wehner, who recently resigned the portfolio of minister of the interior, has planned an extensive tour embracing various countries in order to study the developments in social legislation and that he will not accept another portfolio. His trip will include visits to the United States, France and England.

Mail Carriers on Strike.

Butte, Mont., June 28.—All of the mail carriers of this city went out on strike Wednesday night, the men declaring they could not live in Butte on the present scale of wages paid by the government, despite the increase which becomes effective July 1st. The men have been receiving \$600 for the first year and \$850 for succeeding years.

Seaboard Train Derailed.

Jacksonville, Fla., June 28.—The Seaboard Air Line train, No. 81, leaving Jacksonville for Tampa, on Tuesday night, was derailed 4 miles south of Wabla. The accident occurred at midnight. The cars were not badly damaged and nobody was severely injured. Conductor A. W. Bowling was slightly hurt.

Sunday School Convention.

New Orleans, June 28.—The National Baptist Sunday school congress, negro, began here Thursday with 25 states represented by nearly one thousand delegates, mostly from the south. The sessions cover five days.

Love for our heroic, warlike, peace-making President is so great in Russia that one writer predicts that the name of that country will be changed "from plain Belle Russe to La Plus Belle Russevelt." The Russian bear under that name would certainly be a greater belle than the Teddy bear.

WEKIWA SPRINGS COMPANY, Wekiwa (Cley) Springs, Fla.

Negro Bought by Pease.

Charlotte, N. C., June 28.—The Black creek section, near Wilson, N. C., is very much stirred over an attempted criminal assault made by an unknown negro dressed in overalls. His alleged victim was Mrs. Scott, a highly respectable lady of that community. Parties are hunting in the surrounding country, but at an early hour Thursday he had not been apprehended. If he is caught speedy work will probably follow, as feeling is running high. The timely arrival of a party who heard the cries of Mrs. Scott was all that saved her from the negro, who had her by the throat. It is thought the negro is one of the bands working on the new railroad in that section.

Sheriff Shipp Case.

Chattanooga, Tenn., June 28.—In the Sheriff Shipp case, wherein the officer is charged with contempt of the United States supreme court, four witnesses testified Thursday morning in behalf of the accused. The witnesses were Policeman Will Burk, Deputy Sheriffs Baker and Galloway, and M. J. Moran, a lieutenant in a local cavalry troop of the National guard. Moran testified that on the night of the lynching of Ed Johnson, a federal prisoner, Sheriff Shipp said: "I did everything I could to protect the prisoner. I did not know that there was any danger of a mob, but they have ruined me." He was then almost in a state of collapse.

Mrs. R. Wilson

Miss Julia Horn of Palatka was in the city yesterday on business connected with the office of County School Superintendent Kelley. Miss Horn is a teacher of highest recommendation. She taught in Hillsboro county last term.

Mrs. Rosa Waters, one of the efficient clerks at the delivery window at the postoffice, has returned from her vacation, which she spent with her husband at Hickman. Mrs. Waters is very popular with the public, and patrons of the office are glad to welcome her to her post again.

Albert M. Eddins, formerly of this city but now of New York, arrived in the city yesterday, and will be the guest of his parents, Mr. and Mrs. J. R. Eddins, for a few days. He is now traveling in the interest of a large wall paper house. Friends here are glad to welcome him again.

J. E. Bryant, a well-known citizen and progressive farmer of Bell, was in the city yesterday. He called at The Sun office, renewing his subscription for two years. Mr. Bryant states that his section has been visited with refreshing rains recently, which will prove a great blessing to the growing crops.

J. M. Turner of Lake View was in the city yesterday. Mr. Turner has been on a brief but interesting visit to the Jamestown Exposition, stopping on his return in Brunswick, Ga., for a brief stay with his wife and daughter, the latter residing there. Mrs. Turner has been in Brunswick with her daughter for some time.

David Edelstein, formerly of this city, but now of New York, has arrived in Gainesville, and expects to remain here for a few weeks. Mr. Edelstein will assist his brother, Moses Edelstein, in his store. The family of the latter expect to spend the summer on the coast, and Mr. Edelstein's time will be divided between Seabreeze and Gainesville.

H. A. Fisher has returned from Bogalusa, La., where he has been for the past few months laying brick on the plant of an immense sawmill. Mr. Fisher states that this will be one of the largest plants in the United States when completed, as it will have a cutting capacity of 600,000 feet per day. His son, James Fisher, who accompanied him to Louisiana, and has been working with him, remained.

Miss Foy Lynn, the professional nurse who has been with the Packham family at Waldo, five of whom

have been suffering from typhoid fever for several weeks, spent a few hours in the city yesterday, returning to Waldo in the afternoon. She reports that the three surviving patients are convalescent, and will probably be out soon. Two members of this unfortunate family died with typhoid within a few days.

Attention is directed to the advertisement of The G. W. Hyde Company, which appears in this issue. This enterprising firm expresses its appreciation at the elegant June business, but wants to make July even better, and with that object in view they will show a fine line of ladies' ready-to-wear goods, wash goods, silks and dress goods, cotton goods, millinery, etc., and invite the ladies to inspect the line and prices, assuring them of excellent values in every department.

ARNOW MAKES DISCOVERY.

Marshal Found Crocus Sack Filled With Patent Medicines.

While on his usual rounds Friday, Marshal Arnow discovered in the vicinity of the gas plant on Depot street a crocus bag containing a quantity of patent medicines. As a natural consequence the officer seized the bag and began an investigation. He visited every drug store in the city, but none of the druggists claimed the goods.

The bag contained three different kinds of medicines, being an assortment of Pioneer's Lagrippe Cure, Dr. O'Dell's Beef Iron and Wine, and Dr. O'Dell's Liver Medicine.

Marshal Arnow requests The Sun to state that the owners of these goods may have same upon identifying them. They were evidently not stolen in Gainesville.

Death of Mrs. Wooldridge.

Mrs. W. N. Wooldridge, about sixty years of age, died at her home in Tampa Friday, and Saturday night the remains passed through this city en route to Cedar Key, where the funeral will be held today. The remains were taken in charge here by Undertaker Robt. McClellan, who will have charge of the arrangements at Cedar Key.

Deceased was well known throughout this section, having resided at Cedar Key for many years. She was a devout Christian, a member of the Episcopal church.

Deceased is survived by a husband and two daughters, to the cemetery of St. Johns.
